

Small Animal Vet - North Yorkshire

This is an increasingly unique practice which is fully committed to independent ownership providing us with the flexibility to deliver the high standard of patient and client care that we want to, each and every day.

Our practice values are **Clinical excellence**, **Adaptability**, **Respect** and **Education**.

The central RCVS Hospital is based in Ripon and all our branches are ISFM Cat-Friendly accredited. We are also proud to have been awarded 'Outstanding' across all our branches through the RCVS Client Service Awards.

Applications are welcome from all levels of experience and both part time and full time hours (4 day working week with weekend clinics and OOH duties equally shared) would be considered.

We have an amazing team of 14 FTE vets, supported by excellent, experienced and qualified nurses. We have a wealth of existing experience in the team with Advanced Practitioners in medicine, surgery, dermatology, ophthalmology and general practice. We encourage and fund personal development and want to help you grow and deliver your expanding skillset. The practice is well-equipped with digital x-ray, video endoscopy, fully integrated internal lab facilities, visiting MRI and CT scanners and separate dog, cat and isolation facilities.

The practice is in a beautiful semi-rural setting in the cathedral city of Ripon. Ripon is well serviced in all departments, but specifically has a choice of excellent schools.

From Ripon, both the Yorkshire Dales and North York Moors national parks are on the immediate doorstep. We have a loyal and expanding client base who are largely insured and want to form lasting bonds with their trusted vet making for a rewarding professional relationship.
