A lifetime of care for your companion

Vetsure is more than a pet insurance company. We are devoted to working with your vet to look after your beloved canine friend - not just until your next renewal, but for the whole life of your companion.

Compassionate pet insurance

Helping you budget for your dog's veterinary care is a serious business but, as dog lovers, we also understand the importance of the human touch. Take a look at [Trustpilot.com](https://www.trustpilot.com) to read what our customers think of us.

"We chose Vetsure because our vet claims directly from them, and boy, is it simple! All we had to do was pay our excess. It meant we could focus on Teddy's recovery rather than worrying about the bill."

Working together with your vet

When your dog is insured with Vetsure, you can use any vet in the country, but we encourage customers to use a trusted Vetsure Accredited Practice with lower excess payments.

Choosing an accredited practice makes the claims process even easier as we can guarantee direct claims – leaving you free to focus on your dog's recovery.
